

How to reserve items that are currently available at a particular location.

From the Library Catalogue (which can be found [HERE](#)), select 'Advanced Search' (circled in red on the image)

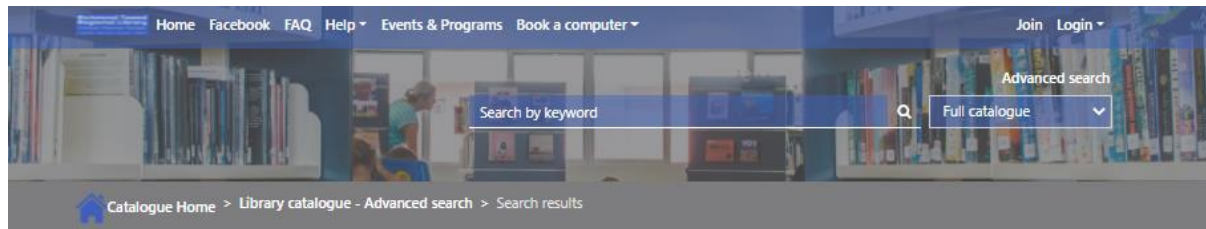

Select your location. Hit 'Search'

This will give you a list of all of the items at your chosen location

The image shows the "Advanced search" page of the Richmond Tweed Regional Library catalogue. The page has a header with the same navigation links as the homepage. Below the header, there is a breadcrumb trail: "Catalogue Home > Library catalogue - Advanced search". The main content area is divided into two columns. The left column contains a "Library catalogue" dropdown menu with options: "Quick search", "Title", "Author", "Subject", "Advanced" (which is highlighted in blue), "Issues", and "Events". The right column contains the "Advanced search" form. This form has several input fields and dropdown menus: "Title", "Author", "Anywhere", "Dewey class", "Keywords" (three instances), "Year" (with a hint "e.g. 2007, > 2000, 1990-2005"), "Language" (with options "All languages", "Abkhaz", "Achinese"), "Location" (which is circled in red and has options "All locations", "ALSTONVILLE", "BALLINA"), "Collection" (with options "All collections", "Adult fiction", "Adult Fiction New"), and "Material" (with options "All materials", "cartographic material", "chart"). At the bottom right of the form, there are "Clear" and "Search" buttons. Below the form, there is an "Options" section with "Records per page" set to "20" and "Sort by" set to "Title".
