Inspirational Author Jeremy Scott

As a toddler, Jeremy Scott had a huge hole in his aorta valve that cruelly denied him the opportunity to live the life of a normal healthy child. At just four years of age Jeremy underwent open heart surgery at the hands of renowned surgeon Sir Brian Barratt-Boyes. Thirty four years later with practically no experience or training, Jeremy took the unbelievably courageous plunge and began a 2 ½ year, 51,916km bicycle ride that would

see him cycle through 29 countries from London to New Zealand.

Monday, 11 September, 6pm
at Lismore Library
