Add a Profile Picture

Add Your Photo

Skip

It is best to add your photo so your friends can identify you quickly

Add A Profile Picture So Friends Can Find You

However, you can choose to not upload a photo, click 'Skip' at top right.

To take a photo choose 'Take a Photo' Adjust how you want your photo to look after you take a shot then click 'Done' in the top right.

You can also choose a photo you already have in your Gallery by clicking 'Choose from Gallery'

Choose From Gallery

Take a Photo

Facebook may still try and encourage you to 'Upload Contacts'. You can choose 'Skip' (top right) It may appear again. You can still choose to skip if you want.

Now you have your own Facebook Profile!

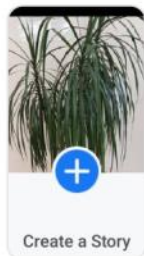

Add friends to connect and see what they are sharing on Facebook.

3:31

Save Your Login Info

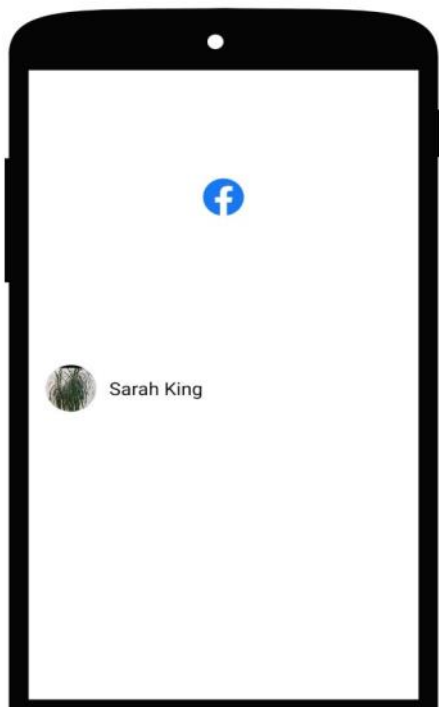

Next time you log in on this phone, just tap your profile picture instead of typing a password.

Add 15 Friends to See More Posts

You'll see your friends' photos and updates when they accept your friend request.

FIND FRIENDS

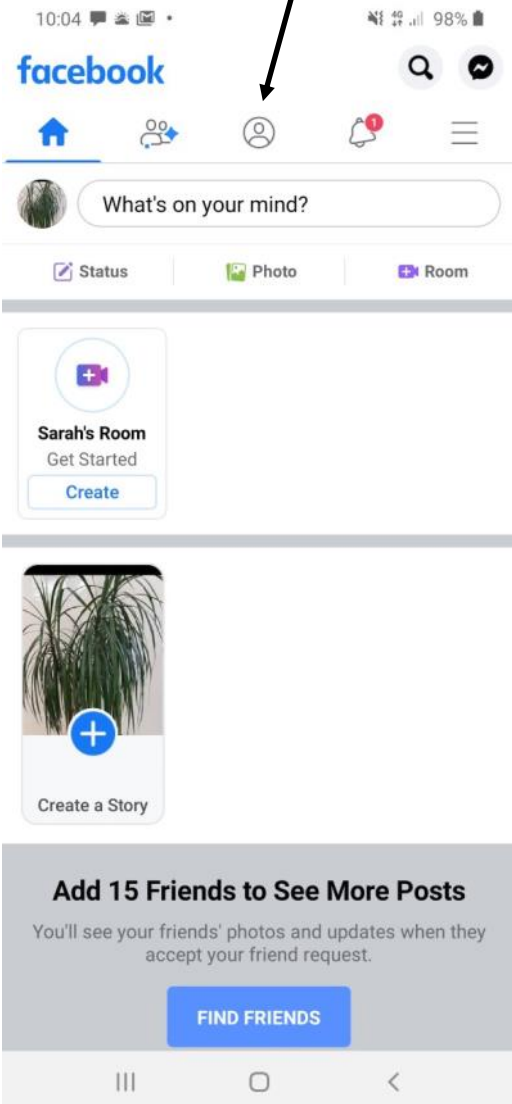

Not Now

OK

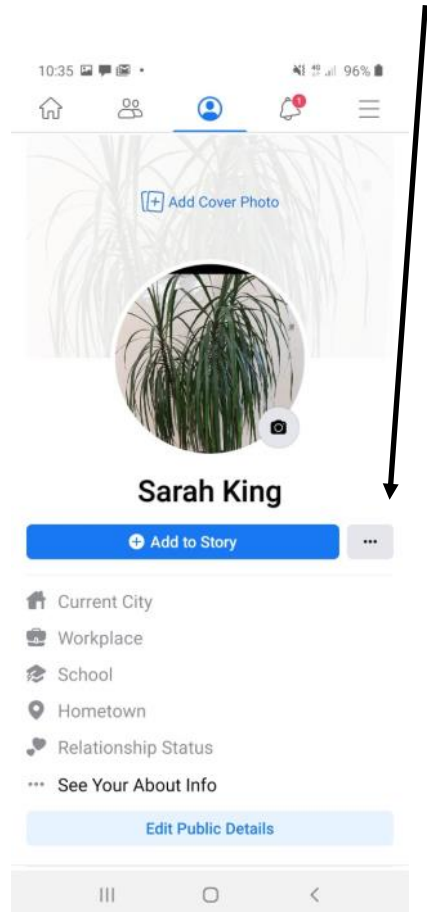

This is your **'Home Page'** from where you can start to post, view other users' posts and upload your photos and videos

To go to your 'Profile Page', tap your profile icon.

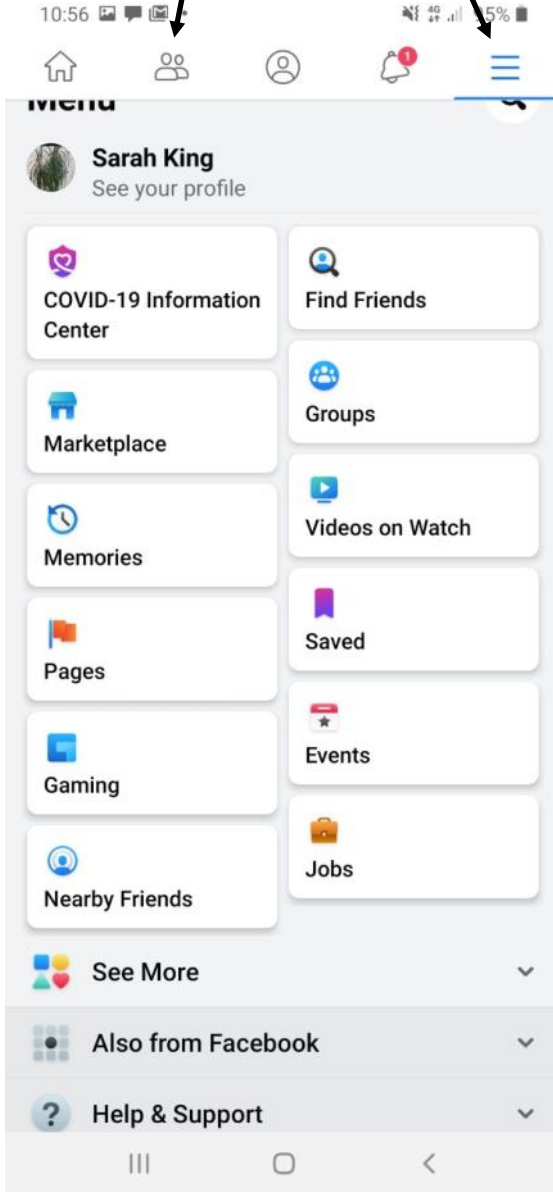

On this page you can change your 'Profile Photo', and add in your details such as your city, workplace, etc. This way friends and school mates can find you.

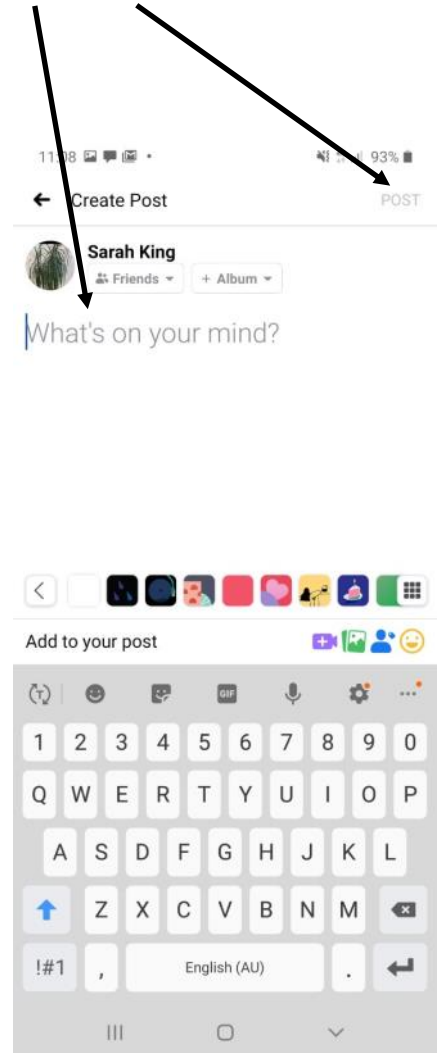

To set up your **Privacy** and control who can view your profile and information you share, tap on the 'Hamburger' (3 dots) on your Profile page. You can also learn more about your **Settings** here.

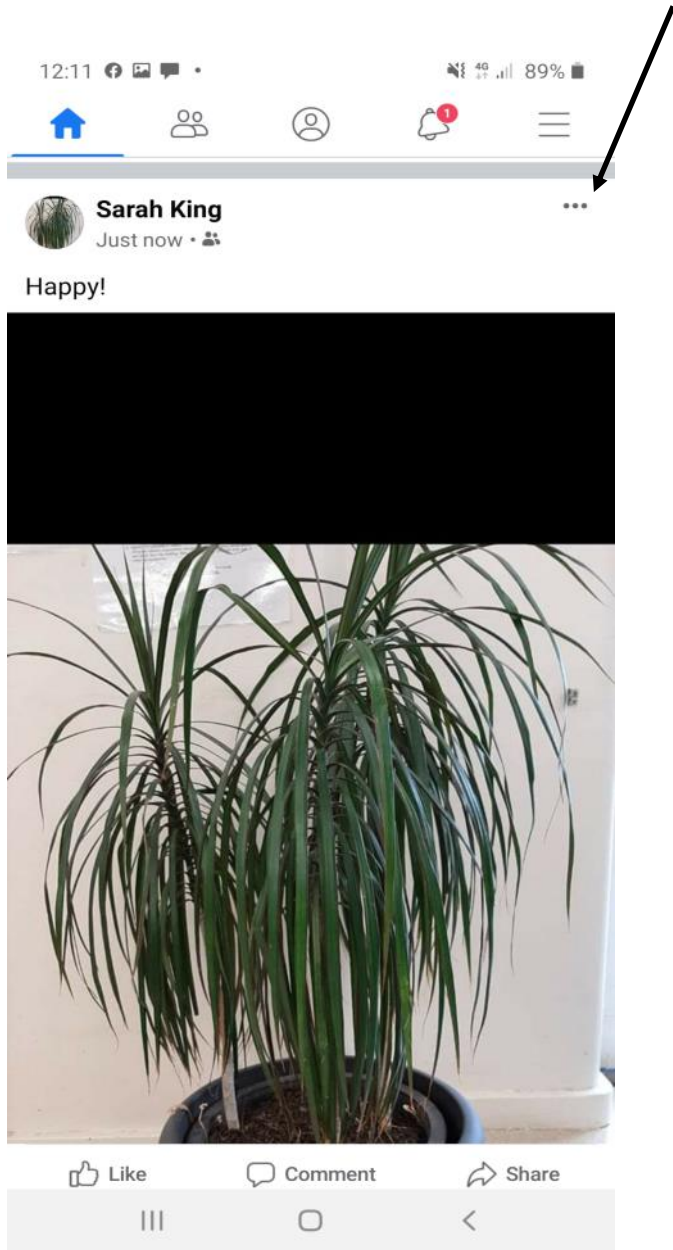

Explore by tapping each of these icons and others to see what more you can do and see on your page

To write a **Post**, tap on the 'What's on your mind?' box. Tap again for your keyboard to come up, start typing, then tap 'Post'.

Well done! You have just made your first Post
People can now 'Like', 'Share' and 'Comment' on your Post.
You can do more with your Post by tapping on the 'Hamburger'
